CORE SKILLS

HTML | CSS | JavaScript | Responsive Web Design | Website & Form Management | SQL | Tableau | Excel / Google Sheets | CRM Platforms | Customer Retention | Consultative Sales | Project Coordination | Data Reporting | Client Outreach

PROFESSIONAL EXPERIENCE

ClearPeak Facility Services | Co-Founder & Digital Operations Lead

2026 - Present

Woodbridge, VA

- Co-founded a commercial cleaning company and partner with the Founder/CEO on growth, service delivery, and daily operations.
- Created and maintain clearpeakfacilityservices.com, digital inquiry forms, and online workflows supporting client acquisition and operations.
- Conduct prospective-client outreach, respond to inquiries, and help translate customer needs into quotes and service plans.
- Support on-site service and quality control as needed, connecting customer expectations with operational execution.

Victra Wireless | Sales Consultant

Apr 2025 - Mar 2026

Boynton Beach & Delray Beach, FL

- Assessed customer needs and recommended wireless devices, services, and account solutions through consultative sales.
- Used Verizon sales and CRM systems to process activations, upgrades, account changes, and issue resolution accurately.
- Built customer trust through clear product education, troubleshooting, and responsive service.

HoquePlus Inc. | Associate Project Manager

Apr 2024 - Apr 2025

West Palm Beach, FL

- Coordinated Airbnb renovation and rental-conversion projects across contractors, project managers, vendors, and ownership.
- Maintained project schedules, trackers, presentations, documentation, and stakeholder status updates.

Optimum | Retention Loyalty Specialist

Oct 2022 - Apr 2024

Piscataway, NJ

- Managed 20-45 daily customer interactions involving retention, account recovery, troubleshooting, and upselling.
- Identified service pain points and matched customers with tailored packages and offers to protect revenue and reduce churn.

818 Global Inc. | Marketing Analyst

Dec 2020 - Dec 2021

Cranford, NJ

- Organized company datasets with SQL and spreadsheets; built Tableau dashboards and KPI reporting for sales decision-making.
